TOP 10

**Zwivhuya Mudau** is an entrepreneur and founder of **Vhadau Premium Piggery**.

With a passion for women empowerment, sustainable agriculture and community development, Zwivhuya has turned her backyard pig farming venture into a thriving business that educates, inspires and creates opportunities for aspiring farmers.

Vhadau Premium Piggery specialises in breeding and supplying high-quality piglets, alongside essential farming equipment and products. The business also offers online beginner classes in piggery management, equipping new farmers with the knowledge and confidence to start and grow their own livestock ventures.

By combining quality livestock, practical tools and education, Zwivhuya is contributing to local food security and fostering entrepreneurship in her community.

Her entrepreneurial journey was inspired by her grandmother's love for farming, her father's values of integrity and the desire to create jobs where opportunities are limited. Beginning with just six pigs and funding from her family's pizza business, she transformed her vision into a recognized brand that empowers others.

Being part of the Metropolitan Collective Shapers Programme has been a pivotal experience, helping Zwivhuya strengthen her leadership, resilience and strategic thinking. She credits the programme with unlocking her potential to create meaningful impact, build sustainable solutions and inspire others to achieve more.

Beyond her farm, Zwivhuya thrives on creative ventures, multiple income streams and continuous learning. Her guiding mantra, *"Start where you are. Use what you have. Do what you can - and grow from there,"* reflects her belief in courage, consistency, and action as the keys to building a legacy.
