

Leaving your family financially secure when you pass away

Your financial wellness journey begins when you start planning for what's important.

Leaving your family with financial relief when you pass on is a lasting gift. Families are different, and so are their needs. This is why Metropolitan's solutions allow you to decide what level of financial security you would like to leave your family with when you pass away.

What are the benefits?

The plan covers you for accidental or natural death.

You receive free cover for accidental death if we accept your policy, and you pass away even before you pay your first premium.

You may get 100% of your cover paid to you before you pass on, if you become terminally ill and your life expectancy is less than 12 months.

If you pay all of your premiums, you can get 10% of your premiums back after every five years if you choose the CashBack benefit.

You have the option to increase your cover amount to help keep up with inflation.
